

Surface Pro 4

Fact Sheet
November 2015

Meet Surface Pro 4, the tablet that can replace your laptop. Featuring Windows 10 Pro, 6th Generation Intel® Core™ m, Core™ i5 and Core™ i7 processors, and a 12.3-inch PixelSense™ Display, Surface Pro 4 helps you power through everything you need to do. Starting at just \$1,349,¹ it's thinner, lighter and faster than any previous Surface Pro model.

Top Features and Benefits

- **Exceptional performance.** With the new 6th Generation Intel® Core™ m, Core™ i5, and Core™ i7 processors, Surface Pro 4 is not only more powerful than Surface Pro 3 — it's quieter, runs cooler, and is even more efficient. With up to nine hours² of battery life for video playback and the optional Surface Pro 4 Type Cover (sold separately), you can get more work done without interruption.
 - **Experience Windows 10.** With full Windows 10 Pro, Surface Pro 4 is compatible with virtually all your favorite software. You can run apps and desktop programs like Microsoft Office³ side-by-side, and the enterprise-level security of Windows Hello helps keep your contents secure. Plus, full pen support and the redesigned Surface Pen packing 1,024 levels of pressure sensitivity enable you to write directly on Web pages in the Microsoft Edge browser or access your personal digital assistant, Cortana⁴, with the click of a button.
-

- Best-in-class screen.** With a stunning 12.3-inch PixelSense™ Display and 3:2 aspect ratio for comfortable viewing, Surface Pro 4's screen builds on the innovative design of the Surface Pro 3 screen. One of the brightest and most accurate displays Surface has ever made, it features 267 ppi and 1300:1 contrast ratio, supports 100 percent sRGB color, and has 5 million pixels.
